A very simple, yet very helpful contribution that YOU can make in the great emergency that faces America, is to refrain from spreading unconfirmed reports. Idle gossip is a powerful help to the enemy in spreading discontent, discord and promoting lack of confidence in the national leadership.

Although Oliver-Lilly has not a single new car to sell, it is trying to do something about the situation with used cars and with repairs and service to old cars.

Alert businessmen will emerge from this crisis, while those who do not think and plan ahead—and do the best with what they have—will go under.

Reports from Washington were that a group of men would investigate the proposed Grenada army camp site again this week. It is our canlid belief that Grenada, with all of the advantages of terrain, climate and transportation facilities WILL get a camp under the expanded army program.

We note that Haven Clanton, Seaman USN and son of Mr. and Mrs. Wallace Clanton, has been reported as safe at Pearl Harbor, while no word has been received from Chief Machinist's Mate A. D. Collins, Jr., on a submarine somewhere in Pacific waters by his father, Mr. A. D. Collins, of Grenada. The pictures of both of these men appeared in the Commercial Appeal Thursday morning.

Remember Pearl Harbor.

John Bradley, who has the thankless task of being chairman of the Tire Rationing Board of Grenada county, stated that he was really surprised how our people had become so quickly unified in one purpose—to whip the Axis; as well as at the manner that most tire users were taking their medicine.

Little Laverne Sanders, of Carrollton died at the hospital Tuesday as a result of burns sustained in the home. This should be a warning to all people with small children to be particularly careful of fires during this extremely cold weather. Our sympathy goes to the bereaved parents, Mr. and Mrs. C. J. Sanders.

Mesdames J. E. Clark and M. Taylor, of Sunflower, and Mr. W. P. Scruggs, of Doddville, are with their father, Andy Scruggs, who is ill at the hospital.

The spirit of our people to "do something useful" certainly is rampant here. Very shortly the community of which Grenada is the center will become well organized. In the meantime, people should be patient with those in posts of authority.

We advise all to save all of their old paper. An organized system will soon be in effect to collect this valuable material. Select a corner in your house and each day add to a neat pile of old newspapers and other paper.

Well, it looks like Congressman Ford will not be returned to Washington with the ease that he returned during the last election.

Our Veterinary friend, Dr. L. E. Long, attended a meeting of his association at Hotel Peabody in Memphis Wednesday. He reported seeing pictures of a new bone knitting method whereby the patient may have his leg bone set and walk on back home, obviating the necessity of long waiting in bed

Please look at the date on your paper. If it is 12-41 or 1-42, that means your subscription is now due. It's too costly to write out individual notices.

The old lady has been favored with a good many orders for engraved announcements. Without exception, the customer has been delighted with both quality and price.

It is a cinch that neither Horn nor Harry will get into any devilment this week-end, for they have plenty to do. But we hope our job customers will help us keep them out of mischief next week-end.

Our two payrollers, Senator Winter and Rep. Ed McCormick have got their noses in the state treasury for a short spell.

Poor Mississippi.

The expiration date of Mrs. Herman Heath has been extended one year, glory be.

Killing two birds with one stone, W. D. Davis of Tie Plant and W. V. Davis of Grenada paid up.

Mrs. Fred White's Father Passes

The sympathy of the community is extended Mrs. Fred White, and her family, in the passing of her father, the Rev. Thomas Hoyt Porter, who passed away on January 2nd in Memphis, Tenn., after a long illness. Burial was held in Senatobia, with the Rev. Mr. Floyd, district superintendent, assisted by the Methodist pastor at Senatobia, the Rev. J. W. Robinson, officiating.

Mr Porter was a native of New Orleans, and in young manhood taught school.

For thirty years he filled the pulpits of the Methodist churches in North Mississippi, making many friends who will grieve at his passing. He leaves a widow and six children and several grand children.

To the bereaved we extend our sincere sympathy.

Christian Industrialist Coming to Grenada

One of the marvels of our day is the demonstration of what God is able to do when one man is willing to give his all to the Lord Jesus Christ. When Robert G. LeTourneau knelt on his knees and promised God that he would be God's business man, little did he realize what God intended to do through him. Today He is using the consecrated life of this modern industrialist to challenge America and call her back to God.

Only Eternity will reveal the results of the work that God has done through Robert G. LeTourneau. However, we are thrilled when we view those accomplishments which are at present visible to the human eye.

Mr. LeTourneau has endowed the LeTourneau Foundation with approximately thirteen million dollars. He is also International President of the Gideons, President of the Evangelistic Clubs, and President of the Winona Lake Conference. He has also done a remarkable work in building the Lake Louise Bible Conference in Toccoa, Ga.

Mr. LeTourneau does not only give his money to the cause of Christ, but he also gives his time and talents. Each week-end Mr. LeTourneau is traveling from coast to coast preaching in churches of all denominations at the expense of the LeTourneau Foundation. Wherever he goes, auditoriums are packed by anxious hearers who travel miles to hear his message. Key business men, who often show little interest in spiritual affairs, are always in attendance when Mr. LeTourneau speaks. About eight hundred churches have asked for Mr. LeTourneau to visit their communities during the year. There are only fifty-two Sundays in the year, however. So it would take eight years for Mr. LeTourneau to reach them all.

Any perosn who is able to come to Grenada on Sunday, Feb. 1st, will have the privilege of hearing this great Christian layman, who, while engaged in one of the most collosal manufacturing enterprises in the world, building earth-moving machinery, is also serving his Losd with all his heart, and all his time. Rev. G. E. Wiley, who has been so fortunate as to secure Mr. LeTourneau for this engagement, has extended an invitation to the public to hear Mr. LeTourneau at the First Baptist Church at 11:00 a. m. 3:00 p. m. and 7:00 p. m. Sunday, Feb. 1st.

Grenada Men Get "Wings" This Week

Mr. and Mrs. L. C. Proby and their daughter, Miss Susan, student at the Blue Mountain College, left early on Thusday morning for Brooks Field, Texas, to be present when their son and brother, Cleon Proby, received his "wings".

Grenada friends are proud that this week, two Grenada men are receiving this distinction. Mr. Choppy Andrews, son of Mrs H. L. Honeycutt was the other to get his "wings". Thursday morning for Brooks Field. Cadet Andrews received the honor of the appointment as Battalion Commander with 250 men in his unit. This is the highest honor to come to any aviation cadet. Mr. and Mrs. Honeycutt plan to be present. They are to make the trip on the train.

Greuada County Tire Quota

Washington announces the following quota for new tires, etc., for Grenada county for the month of January: Light Truck, 17 tires and 14 tubes; Truck and Bus, 29 tires and 24 tubes.

Messrs. John Bradley (Chairman), Claud Perry and John Murray are the Tire Rationing Committee for the county.

IN RACE FOR CONGRESS

DR. GEORGE T. McPHAIL
Slate Springs, Miss.

Dr. George T. McPhail Announces For Congress

To the People of the Fourth Congressional District:

The day has not been long past when the United States Government, in Washington, was really far away and had very little effect on our daily lives. We knew there was such a government, we read of it in the papers, a few of us went to the polls in the summer of even numbered years and sent a congressman up there to represent us, but the republicans were in control and little of anything done by him that had any bearing on our daily conduct or on our pocket books. That picture has changed, an effort to detail the many ways by which the federal government now controls us would occupy many large volumes, as is so clearly shown in our daily lives from cotton acreage to old age pensions and from high taxes to war.

Who is the key man in this scheme? That key man is your congressman that you elect for terms of two years to go Washington for you and do your voting for you.

I want you to know that I realize all these things in announcing my candidacy for congress. Considering, however, that the chief purpose of a formal announcement is to acquaint the people with the candidate, I shall defer a statement of my ideas of public service to a later and more appropriate time.

I was born April 6, 1908, in Slate Springs, Calhoun County, Mississippi, where I now live. My father was a Minister in the Baptist Church and a farmer. I grew up and made a regular hand on that farm until I was 25 years of age. I was married to Miss Hattie Wall, of Calhoun City, Mississippi, and we have two daughters. I graduated from Calhoun County Agricultural High School and entered the University of Mississippi in 1931 as a Pre-Medical student, and after working my entire way through that institution, in addition to supporting my family, I received the Medical Certificate in 1936. In 1938 I was graduated with the degree of Doctor of Medicine, from the University of Tennessee, and am now a licensed, practicing Physician and Surgeon. I am a member of the Baptist Church, a Mason, and belong to the Order of the Eastern Star.

Being a native son of this Fourth Congressional District, I base my candidacy solely on a sincere desire to serve my own people; our road through life is the same, geographically, economically and politically. I shall devote my entire time to an aggressive campaign, which will not close until the polls are closed on August 25, 1942. I shall meet you personally and from the public platform. In the meantime I want to hear from all good citizens everywhere who may feel and interest in this cause.

With McPhail We Can't Fail.

Respectfully yours,
Dr. George T. McPhail.

Supervisors Petition In Re Highway Patrolmen

The following resolution asking that no further power be granted the State highway patrolmen by the legislature, was passed at the January, 1942, meeting of the Grenada County Board of Supervisors:

Whereas, it is the judgment of the Board of Supervisors of Grenada county, Mississippi, that the State Highway Patrolmen are rendering a valuable service to the State and the public in their supervision of the public highways; and,

Whereas, it is the judgment of the board that the imposition of any further duties upon the patrolmen would necessarily impair their usefulness in the supervision of traffic upon our public roads; and,

Whereas, it is the judgment of the board that the officials elected in the respective counties for the purpose of enforcing the laws are adequate for such purposes and that the rights of the citizens to select men for this purpose should not be further infringed upon.

Therefore, Be it resolved by the aforesaid board that the members of the legislature from Grenada county be urged to vote against any further extension of authority to the Highway Patrolmen; and be it further resolved that each of said members be provided a copy of the resolution by the Clerk of this Board.

ENTHUSIASTIC CIVILIAN DEFENSE MEETING HELD MONDAY AT COMMUNITY HOUSE

Plans for national participation in the program of Civilian Defense were made Monday evening at the Community House when approximately one hundred earnest citizens assembled to hear Captain H. T. Lee of the Mississippi Patrol make a splendid and informative talk on the duties to be performed by Civilian during the war.

Captain Lee said in effect, We have in this country today the mechanical genius the industrial capacity and the physical strength to build all whatever defense machinery we need and it is therefore the duty of every American to get into this DEFENSE program's work, and give it all we have. Give your time to study and service while there is still time for preparation. He urged the citizens present to select carefully the duties they wished to perform and attend the classes diligently.

He told the group of the work the Air Raid Wardens, both men and women, would perform. He spoke at length on the duty of the first aid squads to include both men and women and Captain Lee told us that in event of [illegible] North Mississippi would have to take care of the people evacuated from there.

Other training courses discussed by Captain Lee were: Auxiliary firemen (men); Auxiliary Police (men and women); fire watchers (men and women); Nurses aides (trained women).

Emergency medical forces (men and women with Red Cross first aid certificates); Rescue squads; Road repair (men); [illegible] repair units (trained by electricians); Decontamination squads (men and women); Emergency Food and Housing units (women who can cook and serve).

The first training course began Wednesday, January 7, and citizens instructed in First Aid had their first lesson which lasted 3 hours. The first aid lesson for future instructors was given on Jan. 7th at 7 p. m. at the Community House. The First Aid have twenty hours of instruction in Grenada and then will go to Winona for the remainder of the instructions which will take 15 hours. This will not work a hardship on any one as the class will arrange to go in cars. Then when this class finishes its 35 hour course of instruction they will be classified as a First Aid instructor and will conduct many classes here in Grenada county.

The First Aid class members who wish to continue their training and become nurses aides must attend two hour classes at the Hospital five days a week until a course of 80 hours is completed. This class is limited so see Mrs. J. K. Avent for information. The First Aid group members who wish to become Motor Corps volunteers must attend an additional 20 hour course of instruction under the direction of the Mississippi Highway Patrol. Women were urged to enter this class as their duties would be such that they could carry on alone while men are busy with heavy tasks. In this class, instructions in making adjustments on the car, changing and repairing a tire, testing oil and filling the car, also learn the art of moving an injured person. The person volunteering for Motor Corps duty should own a car or have one at their disposal. First Aid treatment is a requirement before entering this class also the Nurses Aid class must take the First Aid treatment instructions.

The following information is a round up of Grenadians already taking the course.

The following will serve as Instructors after completing the course:

Mrs. F. T. Gerard, Mary Lyons, Lenard Holland, Mrs. E. L. Wilkins, Nelson Douglas, Elizabeth Weller, Mae Caldwell, Mrs. A. M. Carothers, Mr. Norsworthy, Claude Stuart, Mrs. D. G. Ross, Mary Ella Collins Mrs. H. B. Caldwell, Mrs. Albert George, Ouida Ellzey, Fay Jordan, William Wright, Art Quantrell, H. A. Alexander, Harry Burkley, Mrs. E. E. Penn, Elizabeth Purdy.

The following will serve in the Motor Corps after completing the course: Orley Lilly, Chief of Motor Corps, Mrs. Art Quantrell, Eloise Wilkins, Mrs. H. D. Lane, Jr., Edith Penn Elizabeth Townsend, Mrs. Buster Clanton, Marguerite Finney, Mrs. H. A. Alexander, Lucy Webb Sharp, Mrs. [illegible] H. Youngblood, Elizabeth Thomas, Margret Stockard, Virginia Fielder, Mrs. W. K. Kuhne, Mrs. Susie Lee Chamberlain.

It is hoped that every person in Grenada county will eventually take this training as this knowledge of how to render First Aid is invaluable in times of peace and especially so in time of war.

Grenada County Men First To Sign For Crop Insurance

Mr. J. M. Williams, white landowner of Beat Two, Grenada County, and Fred Sally, negro tenant on Glenwild Plantation south of Grenada, were the first two individuals of the South to sign up for crop insurance recently inaugurated at suitable ceremonies held in Memphis and broadcast over Station WREC Monday of this week.

Mr. Williams and his son, Thomas, Fred Sally and County Agents Cooley and Hays were among those from Grenada who attended this meeting. Mr. L. K. Smith, manager of this federal program, held an informal discussion with Mr. Williams concerning this program, and this discussion was broadcast over WREC. Immediately following Messrs. Williams and Smith came an address by Governor Cooper of the State of Tennessee.

"Uncle Doll" Clark Died On New Year

Mr. A. F. ("Doll") Clark, ex-Confederate veteran, age 96, died in his home near Mt. Nebo in the extreme northeastern part of the county just about the time that 1941 was passing into history and 1942 was being ushered in.

Mr. Clark shared with Mr. William M. Dubard of Grenada, the distinction of being the two remaining wearers of Confederate gray in this county. As a small lad he did what he could in the Lost Cause, the War for Southern Independence. He was born in Yalobusha county in October, 1845. In 1868 he and Miss Tabitha Moanger were married near Coffeeville. Since the time that man's memory runneth not to the contrary, Mr. Clark has lived where he died. His wife died in 1936.

He was a sturdy, independent and right citizen and exerted an influence for good among the people of his section. Nearly every one referred to his affectionately as "Uncle Doll," tho his full name was Adolphus Filmore Clark.

Surviving him are two daughters, Miss Annabelle Clark and Mrs. W. H. Carter and one son, Mr. Jesse C. Clark. Further details are unavaiable.

To the survivors, we express our deep sympathy.

Tri-States Taxation Meeting Awarded Memphis

With Federal tax problems becoming increasingly important, the meeting of the Tri-State Institute on Federal Taxation on January 16 and 17 in Memphis is particularly significant. The meeting, which is sponsored by the Section of Taxation of the American Bar Association, the State Bar Associations of Arkansas, Mississippi and Tennessee, the Memphis and Shelby County Bar Association and the Law Schools of the University of Arkansas, University of Mississippi, the University of Tennessee and Vanderbilt University, will present speakers of national importance in the field of taxation. Topics of importance to attorneys, accountants and the public will be discussed and open discussion will follow the addresses of representatives of the Federal Government and private practitioners. Special emphasis is to be placed on the excess profits tax and on present day trends in taxation as shown by recent and proposed legislation and by the recent Sepreme Court decisions. Similar meetings have been held with outstanding success in Atlanta, Georgia, Cleveland, Ohio and other cities. The meeting will be held at the Peabody Hotel and further information regarding the meeting may be obtained from Attorney General Will Gerber, President of Memphis and Shelby County Bar Association, Memphis.

First Grenada Girl Called To Duty

Miss Mary Elizabeth McNeill, Recreational Director in Grenada, received her papers Wednesday, summoned her to her new post of duty at Greenville, Miss., Air Base as Hostess at Soldiers' Service Center. Miss McNeill has a host of friends in Grenada County who will be interested in this promotion to so important a job as Hostess in one of the camps. There are thousands of soldieds at Greenville and quite a number of them are English fliers. Best of luck, Mary Elizabeth, in this new job.

Keep A Still Tongue

"I heard a soldier say . . . .", "My boy in camp wrote me . . . .", "Did you hear . . . .", "Where is the fleet?", and such statements and questions are tools in the hands of the enemy. While innocently expressd, such statements, such rumors and such questions do more to undermine confidence in our government and do more to spread fear and panic than the people who voice them can ever imagine.

Whenever you repeat statements in regard to the military movements, which are not based on official reports but upon heresy and rumor, you are doing yourself, your neighbors and your country a diservice.

An old white gown thru some means was caught in the branches of a tree near a village in France during the early phases of the war. The old gown quickly became a parachute. The one parachute became many parachutes, with the retelling. Panic started and continued. The roads were quickly so clogged with retreating civilians that military reinforcements could not move up. All this from an old white gown waving innocently in a tree.

That's the way tales spread and grow and how they sometime promote a national disaster.

Depend ONLY upon the official reports as published in reputable daily newspapers. Disregard all idle gossip and rumors. Keep a still tongue. Keep your hands busy. Keep your head erect.

"It Can't Happen To Us"

"It can't happen to us", said the Parisians behind the great Maginot Line, but it DID happen.

"It can't happen to us", said the Dutch and the Belgian behind the great water barrier formed by the Albert Canal and its auxiliaries, but it DID happen.

"It can't happen to us", said the Danes who were separated from Germany by many miles of salt water patrolled by naval craft, but it DID happen.

"It can't happen to us", thought the people of Manila. "The great United Sates Navy and the powerful U. S. Air Corps will protect us". But it DID happen.

"It can't happen to us", think many people of the United States who have two vast water barriers, the Atlantic and the Pacific oceans. But it MAY happen to us unless we exert the maximum effort. In the times of George Washington is required more time to cross the English Channel than it now requires to cross the Atlantic Ocean.

"It CAN happen to us", should be the thought of every American.

Most Commendable

The large number of persons, male and female, who attend the Defense meetings in Grenada shows that, when and if properly directed, our people will do whatever they can do to promote safety, to avert disaster, and to alleviate human suffering and property damage.

It is inherent in the situation, which arose so quickly, that there will at first be duplication of effort, even waste of effort, but from all of this universal willingness to serve will emerge a unified and a coordinated effort which, should emergencies arise in our community, will prove to be invaluable.

Those who are prone to criticize those who ARE trying to do something, should keep their mouths shut or do or suggest something BETTER.

Mistakes will be made, of course. There will be wasted and misdirected effort, of course. But the spirit "to do what I can" by the individuals will loom big in the immediate future.

The kicker on the sidelines should get busy and stay busy and try to do something instead of harping on the errors of those who ARE trying to do something.

Me and the GCW.

Remember Pearl Harbor.

Suggestions To The Legislature

The legislature of the State of Mississippi is ow in session. As usual vociferious minorities are at work seeking this and that appropriation. But the great mass of people, not represented at Jackson by paid lobbyists, wants economy. This incoherent group, which pays the bills, is tired of having to bear additional taxes.

There appears to be a substantial surplus in the State Treasury. This money will "keep". It does not have to be spent at this time. Somewhere ahead, the State will need this money. A prudent individual is not squandering his personal surplus for he knows that these artificially good times will not last, and that the time will come, soon or late, when a nest egg will be necessary to keep afloat, if a very mixed metaphor will be pardoned.

The State has millions of dollars of highway bonds afloat. In normal times, the revenue from the sale of gasoline will not only take care of these bonds but will permit a large sum to be distributed to the counties. Any sane person knows that, with the restrictions on the sale of tires, there will be a terrible shrinkage in the revenue from the sale of gasoline. If a fellow cannot use tires, he cannot burn gasoline. Whether legally bound to do so or not, the State of Mississippi, we know, will pay those bonds even if the excise taxes on gasoline does not provide sufficient money. Some of our surplus should be saved for that contingency.

The men in service should be exempted from the payment of poll taxes so that, upon their return, they will not have to wait two years to become qualified electors again. This is about as little as the State can do.

Every supervisor in the State of Mississippi draws the maximum amount allowed by law, whether it is $1,200.00 per year, as in counties of the class of Grenada County or $3,600.00 as in the case of some of the larger counties. The present law provides that the supervisor gets so much per diem for attending meetings and so much per day for "inspecting roads", and nothing for either of the many other things that he does. If the supervisor is worth anthing he is worth $1,200.00 per year, and, therefore, he should be paid a SALARY instead of forcing him to "go in the back door" and get what he earns by the fiction of inspecting roads.

What with all of the county and municipal taxes we have to pay and with the prospect of HUGE additional federal taxes to pay, the State of Mississippi might well help the taxpayer by eliminating the State income tax and, if possible, reduce the advalorum levy. Every individual in America is to be called upon to make great sacrifices to preserve our common heritage of liberty. THEN WHY SHOULD NOT THE STATE OF MISSISSIPPI and its employees forego some of its functions and some of their expense.

Sufficient Powers and Duties

We think our county supervisors are exactly right in asking the legislature to refrain from giving more power to the state highway patrolmen.

We have repeatedly stated that the patrolmen are doing a splendid job, for better than we gloomily predicted when the law creating the department was being discussed; but we also beleive that they have enough to do on the highways and that no further duties ought to be placed on them to perform.

There is too great a tendency, in our opinion, to get further and further away from local self government. Giving these patrolmen authority to make arrests for other than offenses committed on the highways would be a step further away from local self government—the bedrock of our system of government.

Babson On Advertising

The first of the year predictions by Roger Babson, America's most noted business authority and forecaster, are eagerly read by those forward looking men in every business in America.

Among the predictions he made, he predicts that, while retail business will be extremely good in defense areas, and while the gross in non-defense areas may be greater, the number of sales in non-defense areas will be smaller.

To merchants in the non-defense areas, he advises, "Hence merchants should increase their advertising appropriations if they expect a good year in 1942."

If there is, as Babson predicts, a smaller number of sales in non-defense areas such as Grenada is, then it will be the alert merchant who goes after business who will benefit. The fellow who sits back and lets matters take their course without attempting to do anything about them will be at serious disadvantage com pared to the man who advertises his wares.

Seen, Heard and Told By The Editor

Please examine the date on your copy of the GCW. If it is marked 12-41 or 1-42, your subscription is OUT.

Just idling about collecting our regular bills, our Mr. Greenfield collected $21.00 in subscriptions Monday, not bad.

To our steadily growing mailing list, we have added the name of one of Grenada's most popular suburban cafes, Star Cafe, and a cordial welcome is extended that thriving institution.

Our good friend, Charlie Worsham, who is making this county a splendid Circuit Clerk, handed Harry Greenfield $1.50 Monday so that Charlie's homefolks can get the dope weekly.

We are most earnest in urging the legislature to enact a law whereby the supervisors will draw a straight salary, instead of having to go thru the farce of drawing a few dollars for per diem and many dollars for inspecting roads. Certainly, if our supervisors are worth anything, they are worth $100.00 a month, and they should receive it, as Uncle Pete does, and as all other servants of the State and County, right straight from the pay window as salary.

As the war tension tightens down, the importance of the repairman, whether he repairs sewing machines, cars or tires, grows greater.

Mayor Sharp's payrollers will meet next Monday. John Pressgrove's payrollers and Paul Johnson's payrollers met Monday of this week.

Thanks are extended to Mrs. Isenberg for a renewal.

One important thing that EVERYONE can do is to keep his or her mouth shut instead of spreading idle rumors and gossip. That's playing into the enemy's hands. France fell thru such tactics rather than failure of the military organization.

Stop talking so damn much.

Another lovely lady of Grenada, Mrs. Jay Gore has had her expiration date marked up another year.

Marry before you go off to war if you are hell bent on it, but leaving a bride to go to war is not all it is cracked up to be. Take this advice from one who went thru that experience.

One of Grenada's prettiest and most hospitable young matrons, Mrs. Rob Brown, has had the date on her paper extended a year.

If you just MUST talk and gossip, wait until you are alone, and you will not do any harm. For goodness sake do not gossip about the war and help the enemy by spreading distrust in national leadership. The leadership we have is, one might say, all we have, and we must be loyal to it. Where else can we turn?

Aint they sweet.

In announcing a raise in our subscription price after March 1, 1942, we are NOT in any manner trying any "get money quick" scheme. We are merely following what we consider a sound business course. Our costs are greater and will become greater still. We face a great loss in national advertising - as do all newspapers. We want to continue to serve this community, and, to do so, we MUST, of course get in at least as much money as we pay out. We will not accept subscriptions for a greater period than one year for next year may be worse, and our costs may be greater.

Some of the fox hunters still say that fox do not eat quail; yes, no more than they can catch.

American people may as well steel themselves for worse news before they hear good news. They funned and frolicked while they should have been preparing for the inevitable; now they must suffer while they make belated preparations.

Poor Mississippi, if the gutters get a shot at the State treasury.

Rest assured, you street corner strategists, that our fleet is on some important mission and that it will acquit itself credibly.

Keep your darn mouth shut rather than use it to spread idle and ill-advised gossip about matters affecting our armed forces.

Seen, Heard and Told By The Editor

Americans might as well prepare to hear much worse news before they hear better news. They preferred to use their time, money and energy in producing automobiles, pleasure boats and other things of non-military uses to producing fighter planes, bombers, guns, ammunition and other implements of war, and now find themselves sadly deficient in military equipment. The war will be much longer and much more costly in blood and money on account of America's unwillingness to prepare. But that's water over the mill wheel.

Miss Ruth Hunter, who has been recuperating here in her old home, has returned to duty in Vicksburg, but, before leaving, made proper provision for the continued weekly visits of the GCW.

Aint they sweet.

Well, it looks like Ford will have some opposition as Dr. McPhail has "come out", and it is beleived that Tom Abernethy will also enter the race. The GCW has quit politics and politicians even if it has not forgotten some dirty deals handed its editor by the politicians.

In spite of war we must have city government, and this government should be the best form possible and, therefore, our people should continue their agitation for a commission form of government, beleived to be more effient and less costly than the present antiquated form of government.

One of the Peavine's best seocat customers came in to get his outside warm Saturday morning, as his inside was already hot with fine seocat. No names, as he paid in six bits.

Commodore J. E. Lufkin made a monetary visit to the GCW Saturday.

Citizens are urged to save waste paper for some provision will soon be made to collect in a systematic manner this valuable product. The best way is to fold the papers neatly and pile in neat piles to await the collector.

According to the Commercial Appeal Washington News Bureau, "Army To Inestigate Camp Site This Week. Area South of Grenada Miss. Being Considered".

Democracies, which prefer their easy way of living, have to catch hell the first years of war, until their citizens awaken. This is ts the lot of America, and was the lot of Britain.

Our first subscriber from Slate Springs has been added to the mailing list. His name is Dr. George T. McPhail, who has his gutting knife sharpened for a certain Arkansas landowner.

Grenada's first snow fell Saturday, January 3. It looks like Jupiter Pluvius, or who ever manages the snow business, could have done better.

Harry and Horn will not get into any devilment this week end, as they have plenty to do ahead of them.

Job printers are up against the same general proposition that all people are: they can order what they want BUT get whateve similar product the wholesaler has. We make every effort to duplicate jobs entrusted to us, but it is going to be more and more difficult to do this, as substitutions will be more and more necessary.

Remember, folks, on March 1, 1942, our subscription rate advances fifty cents per year: that is, to two dallars for local subscribers and $2.50 for the subscribers out of this county.

We are forced to advance our subscription rates for several apparent reasons: rising costs of paper,etc, and lower income from advertising.

Roger Babson, the greatest living economist, had a piece in many newspapers in which the healine advised merchants to use more and more advertising, whether they do or not. A man in business MUST keep his name before the people if he expects to survive.

Bud Tatum of Cascilla, free state, sent in his renewal Saturday. To tell the truth, we could hardly take a nap Saturday for renewers and new subscribers bothering'?' us.

It is superfluous now to say, "Pay Your Subscription", for all who did not have been cut off and cast into the outer darkness of ignorance and sin.

The old lady got some of the Presbyterian brand of religion Sunday.

Our Mr. Greenfield says that if any of his friends sees him playing Moon again, he has the privilege of kicking him just below where his spinal cord ends.

Many people, anticipating that the old tires are going to have to last a long time, are doing a good deal of walking and damn little joy riding.

We predict that, before this war is over, American inventors will have perfected a process of making synthetic rubber, as good as the latex of the Tropics, from some raw material, possibly crude oil, found in abundance in this country.

While the Ferdinand Club has not disintegrated or gone out of business, we hope, there was no meeting of the club last week.

Percy Horton makes about the 40th Horton on our list. We could use a few more Hortons, as there are more left.

Travis Clark from the swamp at Itta Bena made us materially richer Saturday afternoon.

We neglected to mention that Congressman Ford was in town week before last. He has several monkeys on his back at the local post office—about three vacancies and seventy three applicants. Long live the monkeys!!

Help keep Horn and Harry out of devilment week after next, as present unfilled orders will keep them busy this week end.

Aint they sweet.

When we suggested that our Mr. Greenfield would make a good husban for a young lady, the young lady naively remarked that our Mr. Greenfield had too much mileage on him: whatever that meant.

Henry Carpenter, who has lived in darkness all these years, finally capitulated and surrendered six bits for six months subscription.

Want to buy Peas, Popcorn and Peanuts. French Market.

Even these long 'uns fail to keep the penetrating cold of the last few days from creeping up my spine and freezing my thyroid.

If meat gets much higher, we are going to have to take it in capsules by doctor's directions.

Prepare or perish. Work for the USA, or be enslaved and work for some foreign dictator.

Wonder who is going to be foolish enough to run against Wall Doxey or Tom Bailey?

Well, our payrollers in the State legislature enacted the usual first bill—to pay themselves. They had better get ALL their money, instead of one half, because the treausry gutters have their knives out.

By good luck and the continued indulgence of our creditors, we not only got by another 1st of the month but also by the 1st of the year, even if we did pay a good many bills made out on billheads printed in Little Rock, Wichita, etc. There are three printers in Grenada.

We STILL beleive that Grenada has a good chance of having an army camp.

Much Oblige to Frank Kraft for a fine mess of sausage made at Grenada Farms. That's the kind of Christmas remembrance that sticks to the ribs.

Congratulations to Cleon Proby and Choppy Andrews, Grenada young fellows who get their wings this week.

Sam Barranco, we have been told, had saved every silver dollar that came into his store. He recently used every one of them to buy Defense obligations. That's a fine example.

Morton's Smoke Salt. French Market.

We are going to buy some Defense Bonds if we ever get any money.

We did not have to dun, sue or intimidate Arch Roane for a renewal as he renewed without solicitation. May his tribe increase!! The expiration date of EVERY copy is printed on the paper. He who wants to do so, can see when his subscription expires.

The automobile tire rationing will make more people realize that we are at war than Pearl Harbor and the Philippines. The latter mentioned are too far away. But, when the joy riders and even those who make their livings with their cars, knock in vain at the tire store for replacement tires, they will know that something terrible is wrong.

Have you registered at the City Hall for your part in civilian defense? We understand that people have been quite indifferent about this matter.

One of the most important, yet one of the simplest things that YOU, the individual, can do is to keep your tongue from wagging out dire rumors. When you repeat a wild tale, you help spread fear and help undermine confidence in our leaders. When you DO hear a wild tale that will not bear analysis, show by logic the absurdity of the tale.

Anti Skipper. French Market

We have heard many so-called local leaders who do too much idle gossiping about things they know nothing of. Everyone can influence somebody, many individuals can influence many others. Keep your mouth shut rather than to spread idle rumors and gossip.

If we cannot help our leaders in Washington to do the best they can with the man, equipment and ships available, then upon whom can we depend? If we have no confidence in them, and in their ability, we have nowhere else to turn for leadership.

Posey Gant who drifted down to Jackson is going to get the GCW for six months anyway.

Much oblige to John Rundle for a clay pipe made in Pennsylvania. The pipe was his Christmas present to the editor.

We have got ourselves into this mess because we preferred to take things easy to buckling down to meet the inevitable time when we had to go to war. But that's spilled milk now. Our task now is to work unceasingly, not for some great moral cause or for some high standing charity but TO SAVE OUR LIBERTY.

BASKETBALL NEWS

The old statement is that "you can't keep a good man down." Although our girls' basketball squad had been defeated every game prior to Friday night, their spirit was fine. Friday night in the neighboring town of Winona, G. H. S. girls won their first game of the 1941-1942 season. There were no substitutions in the whole game. The score was Grenada 21, Winona 19.

The boys who have also been defeated in only several games also won over Winona.

CHAPEL

Assembly was held as usual in the auditorium Wednesday morning at 10:20. In the absence of Miss Donaldson, Miss Wilson directed the singing. After several songs, "God Bless America" was sung as a prayer.

Mr. Rundle introduced several former GHS students who were present at this meeting. They were Thomas Bell of Millsaps, John Keeton of Ole Miss, Camilla Smith of Woods Junior College, Shep Warner of State, and Audrey Moss of Grenada.

Mr. Wiley, pastor of the First Baptist Church, had charge of the devotional and the morning program. Mr. Wiley gave us a splendid New Year's talk. He said that in order to amount to anything we must have Hope, Faith and Love in our hearts.

"NAVY INTELLIGENCE"

The Navy trains mobile hospital units staffed by two doctors and four hospital corpsmen for use in epidemics and emergencies.

In isolated naval stations our Navy normally supplies medical serices for the entire population.

The Navy operates about 30 large hospitals, two hospital ships, and every Navy ship has a "sick bay."

The Medical Department of the Navy includes doctors, dentists, pharmacists, women nurses and hospital corpsmen.

The Navy is giving the Schick test for diptheria susceptibility to 1,000 men in each of three Naval Training Stations.

Navy doctors must be graduates of accredited medical schools before being commissioned in the service.

When a Navy doctor is commissioned he is given intensive training in tropical diseases, and problems of submarine and aviation activities.

Applicants for the regular Navy Medical Corps must be under 32 years old; for the Naval Reserve Medical Corps under 50.

Junior and Senior medical students are eligible for appointment as Ensign in the Volunteer Probationary Class H of the Naval Reserve.

The Navy's women nurses are not allowed in combat zones but are replaced by male nurses trained by them

TWENTIETH CENTURY CLUB

On Tuesday afternoon the Twentieth Century Club met at the lovely home of Mrs. John Randle for the first meeting of 1942, Mrs. W. W. Waterman was co-hostess. This well attended meeting recorded only two members absent and there were several non-member guests present including Mesdames W. E. Jackson, Roy Grisham, and Duce Clark.

The charming living room was so arranged that a large map of South America could be clearly seen by the group. Mrs. Avent, president, presided and after the reports of the secretary and treasurer she introduced the ladies on the program.

Mrs. Fred Lickfold, Jr., reviewed the book, "America Faces South" by Ybarra and Mrs. Duce Clark, an invited guest speaker, reviewed the book, "The All American Front", by Aikman, taking the place on the program for Mrs. Earl Bailey. Both of these reviews on South America were splendid and received the most serious attention of the group. According to these two books written by two of the foremost of world analysts, the people of South America are skeptical of their "blond neighbors of the North", and it will take much more effort on our part to assure them of our sincere neighborliness.

At the conclusion of the program, the hostesses served delectable nut bread with sauce and delicious hot fruit punch.

Messrs. Archie Dickson and Gus Gerard, of Ole Miss, were guests of Gus' parents, Mr. and Mrs. F. T. Gerard on Saturday night and Sunday. Gus had that famous sweater with him that was promised the president of student body of the school winning the Thanksgiving game. This handsome red sweater, with white letters and numbers had Mississippi State 6, Ole Miss 0, Written across the front in large size letters, Gus had to deliver the sweater to the student body president along with a five minute talk, all in agreement with a bet made before the game.

Mr. and Mrs. L. J. Doak and Mr. and Mrs. W. E. Jackson spent the past week end in New Orleans.

Mr. and Mrs. Louie Angevine spent the past week end at Jefferson Barracks with their son Mickey.

ALL SAINTS AUXILIARY

Sixteen members of All Saints Episcopal Auxiliary met at the home of Mrs. W. J. Sherwood Monday afternoon at 3 o'clock.

Mrs. W. W. Whitaker, president, presided and led the devotional.

Miss Mary Strahan, the retiring president, gave a general report for the Auxiliary work in 1941 and called on the following secretaries and chairmen for reports:

Mrs. T. H. Weir, retiring treasurer.

Mrs. Harry Burkley, retiring Social Service Secretary.

Mrs. O. E. Lawrence, retiring Religious Education Secretary.

Mrs. Sherwood, secretary for 1941-42, and Mrs. J. H. Neely, U. T. O. custodian for 1941-42, gave reports.

At this meeting the Auxiliary voted to discontinue the Mardi Gras Ball for the duration of the war. This social event will be replaced by a dance and cake walk supervised by the Social Service Department, Mrs. C. C. Cathey, secretary. This well attended meeting was the regular business meeting held on the first of each month.

Next week the Auxiliary will meet at the home of Mrs. Lewis Weir for a program meeting.

Mrs. Bryan Baker returned home on Friday last from Amarillo, Texas, where she visited her husband and sister-in-law. She had the pleasure also of visiting with her daughter, Miss Elizabeth, who is a student nurse in Baptist Hospital at Memphis. Bryan, Jr., met his mother in Memphis and accompanied her home.

Miss Mary Lida Vance of Batesville was the guest of Mrs. R. Semmes last Sunday.

Mr. and Mrs. N. R. Paschal had as their guests the past week their mother, Mrs. Laura Fisher, also Mrs. M. B. McClellen and Laura McClellan, and Mabel Coverette, of Fostonia, Ill.

Mr. and Mrs. Earl Burkley attended the Sugar Bowl game in New Orleans on New Year's Day.

Mrs. Allie Gerard enjoyed having her children and grandchildren with her on New Year day. Present were Mr. and Mrs. F. S. Gerard and baby, and Mrs. and Mrs. William Gerard and two children of Winona, and Mrs. P. N. Gerard and two sons of Cleveland.

BIRTHDAY PARTY FOR HER DOLL

An unique party was enjoyed on Christmas when sweet little Jacquline Sanderson entertained a group of little girls, accompanied by their dolls, in honor of her own beautiful doll, who was that day celebrating her first birthday.

The gifts were home made clothing, bonnets, and hose to fit Jacquline's doll, and her gift to each child was an exquisite hand made apron for their dolls costume.

A lovely birthday cake with one candle was placed on the charmingly draped table, and was later cut and served with ice cream. Candied mints and cookies were served also.

Baloons were the favors and they added color to the gay event.

The following little girls were present: Betty Lilly, Joan Pressgrove, Paula Leigh, Olivette Craig, Arline Pierce, Dorothy Liles, Helen Louise Kimbrough, Baby Alice Brewer, Peggie Ruth Evans, Diana Dubard, Maryland Smith and Nannette Day.

Mrs. R. A. Clanton and Mrs. Buster Clanton accompanied their son and husband, Buster Clanton to Memphis on Saturday last where he boarded a train for Knoxville, Tennessee, where he is studying medicine. Durrow Horn, Jr., enroute to his duties in Washington, D. C., accompanied them to Memphis.

Mrs. E. A. Penn, who spent Christmas in Nashville, with her daughter, is spending this month (January) there also.

Mr. and Mrs. Knox Pierce have adopted a darling little auburn haired daughter, age 3 months. Congratulations.

Billy Weister, Jack Calk and Allen Anderson left recently for Camp Shelby to await their assignment to their permanent training camp.

Recent visitors in the home of Mrs. C. T. Bell and family were Miss Mary Lou Bell, of Memphis, who was here for the past week-end and Mr. and Mrs. J. D. Bell and Sylvia, of Cordele, Ga., who were Christmas visitors and Mrs. Rowe Pinkerton, of Poplar Bluff, Mo., who is spending several weeks here.

Miss Ruby Taylor of Camp Shelby spent Christmas with her parents, Mr. and Mrs. D. M. Taylor and visited her friend in Camp Benning, Ga.

John Ed Carpenter, of Camp Blanding, is visiting his mother and his sisters and brothers, in Grenada and in the county. He spent the early part of this week with friends in Canton.

DUPLICATE BRIDGE

Mrs. F. S. Hill entertained members of the Duplicate Bridge Club at her home Tuesday afternoon.

Three non-member guests also enjoyed Mrs. Hill's hospitality and were Mesdames Rayford Brown, James Scott and David Dubard.

At intermission a beautiful plate containing a salad and dainty sandwiches was served with coca colas.

Winners of high score awarded were Mesdames Charles Dickinson and E. R. Pleasants. Second score was awarded to Mesdames L. E. Noble and Roger Burt.

Mr. and Mrs. Henry J. Ray, Sr., were happy to have their son, Henry, Jr., and his wife at home with them for the New Year and until Wednesday of this week. They have returned to Louisiana where Henry, Jr., is a cashier at Camp Beauregard.

Mrs. J. L. Nichols of Batesville spent New Years day and the remainder of the week here with her sister, Mrs. George Grant. Mr. and Mrs. Grant and Mrs. Nichols motored to Water Valley to see their beloved aunt Mrs. Nathaniel Spears who is confined in the hospital there with a broken hip.

Mr. Jimmie Slaughter of New Orleans, arrived Saturday for a short visit in the home of his aunt, Mrs. J. K. Avent.

Friends of Mrs. Jimmie Cox, nee Bettys Sherwood, will be interested to know that she is working as a government employee at Flora, Miss. Two Grenada girls are there, as Miss Joyce Matthews has been at Flora since last Fall.

Mrs. John Scott of Grenada was happy to have her family with her the past week end and included was a distinguished teacher from Texas. Those here were Mrs. Jack Scott and daughter, Delia, of Vicksburg. Mr. Jack Scott of Grenada and Washington, and Mrs. Jack Scott's aunt, Miss Maude Webster, Professor of English at East Texas Teachers College, Commerce, Texas; and John Scott Jr. of the Junior A. and M. College at Arlington, Texas.

Mr. and Mrs. John D. Gibbs, enroute from Rochester, where Mr. Gibbs received treatment at Mayo's Clinic, to their home in Berkley, California stopped by Grenada to visit their kinsmen and friends. Mr. Gibbs seems to have been benefitted by his stay in Rochester. They were guests of Mr. and Mrs. R. C. Trusty.

Private Louis H. Fultz, of Camp Blanding, Fla., spent Christmas with his mother, Mrs. Mattox Fultz and sisters, Mrs. Virginia Long and Miss Madeline Fultz, of Holcomb.

Mr. L. S. Fultz, of Vaiden, spent the holidays with his children, Mrs. Virginia Long, Miss Madeline Fultz, and Private Louis H. Fultz, of Holcomb, the latter being home on furlough from Camp Blanding.

FRIENDSHIP H. D. CLUB MEETS

Mrs. S. P. Johns, assisted by her daughter, Miss Melton Mitchell, entertained the Friendship Home Demonstration Club for its regular meeting, Monday, January 5.

An all day meeting was held for the purpose of sewing for the Red Cross during the morning session with regular club schedule beginning at 2 o'clock. Mrs. Henry Carpenter read an article.

Mrs. Neely emphasized the value of wisely buying; comparing prices of 1914 with that of 1920.

Two new members, Mesdames Travis and Rudell Tribble, were welcome to the club.

Adjourned with each expressing her joy of the day spent together, and yet our hearts were made sad to think of our boys who will probably be the recipients of the small bit we can do—sewing.

DEFENSE INFORMATION

(1) Volunteer center has a registration booth at the City Hall, Mrs. J. K. Avent, chairman. You are urged to register.

(2) Red Cross Headquarters for the women of the county is at the American Legion Hall, (known as the College Gymnasium). Here a place will be arranged with tables and chairs, for Red Cross workers, including knitters, class lectures and etc.

The "Tip Top" Cafe on corner of Second and Main Streets is the uptown office of the Red Cross secretary. Mrs. Ernest Penn is secretary.

LEVERETTE WITH HORTON

Mr. Alton Leverette, an experienced meat man, is now with the grocery and meat department of Grenada's progressive Green Street department store, Horton and Horton, and will be glad to see his friends there.

BRRR! BRR-!

The present week's coldness reached its height Thursday morning when the mercury dropped "with only inches to go" to the zero point.

OES MEETING

A regular meeting of the OES will be held at 7:30 on Tuesday, January 13th.

A full attendance is requested.

GRENADA TEACHERS AND PUPILS BUY DEFENSE STAMPS AND BONDS

In a check made by Professor Rundle on Wednesday of this week it showed that Bond and Defense Stamp purchased by the faculty and children attending Grenada Schools amounted to $6,181.00. This very inspiring report warms the heart of all Grenadians. Mr. Rundle promises a weekly report so watch for next week's total.

BIRCH
MASTER MAGICIAN
AND COMPANY
NEW SHOW of WONDERS
THRILLING ILLUSIONS!
BAFFLING MYSTERIES!
SENSATIONAL VANISHING PONY
GONE!
Special Musical Feature
MABEL SPERRY
XYLOPHONE ARTIST SUPREME!
Solved at last! FAMOUS HINDU ROPE TRICK

Thrilling, fascinating, astounding, wonderful, might describe some of the miraculous feats which Birch, Master Magician, will perform Thursday, Jan. 15 at the Grenada High School Auditorium.

Even more spectacular than slicing a young lady, is the Hindu Rope Mystery, the thrilling spectacle of a piece of rope rising into the air; a Hindu boy climbing the rope, and then disappearing at the command of the magician!

Also included in the Birch performance are such bewildering illusions as the Vanishing Pony, in which a beautiful Shetland is caused to vanish while suspended in mid-air; the Challenge Packing Box escape in which Birch will attempt to escape from a strong box constructed by a local lumber company; the Beautiful Silk Mirage where yards and yards of gorgeous rainbow silks appear from nowhere; the Canary and the Mazda Lamp, in which a live canary is shot into a burning light bulb; and fifty other amazing illusions.

A huge truck transports the thirty-eight trunks and crates of equipment and scenery, making the Birch production the largest magical show on tour in the United States today. Birch is playing to capacity audiences in every city and the reason? It is not a "talkie," and not a radio presentation, but Birch in person presenting a most interesting evening of humor and mystery.

Miss Mabel Sperry, brilliant young xylophonist, is the assisting artist. A star of radio and concert fame, she brings you delightful melodies on her World's Fair Marimba.

The advance ticket sale has already started and tickets may be purchased from Band Students. Admission prices have been fixed remarkably low for an attraction of such high calibre, and present an opportunity which has rarely been duplicated to see a master of his craft. For this reason it is expected Birch and his company will be hosts to capacity audiences while in the city. Proceeds will go to Grenada Band, which is sponsoring the entertainment.

U. S. Navy Needs Men For Specialized Training

Lieutenant W. L. Travis, U. S. N., Officer in Charge of Recruting in the States of Louisiana and Mississippi, announces a new officers' training program, not only for college graduates, but for regularly enrolled college juniors and seniors. Under this new plan, juniors and seniors may be enlisted prior to graduation, and will be continued on inactive duty until they have completed the work required for their college degree. Accepted applicants will be enlisted as Apprentice Seamen, Class V-S, United States Naavl Reserve, and when ordered to active training will receive the pay of their rating and will be furnished with all transportation and necessary travel expense enroute. All candidates will receive approximately 30 days elementary training at some Navy activity prior to assignment to a Reserve Midshipman School, with their initial outfit of uniform, clothing and equipment furnished at no expense to them. These men will be given an insight into life aboard ship and instructed in military dicipline and in Naval customs and usage, while under observation for the basic mental and moral qualities considered necessary in candidates for commission.

At the successful completion of this preliminary period, candidates are assigned to a Reserve School, where they will undergo approximately three months' training prior to being commissioned as Ensign, United States Naval Reserve. While at school, they have the rank of midshipman, which carries with it a base pay of $65.00 per month, plus subsistence and lodging allowances.

For further information apply to U. S. N. Recruiting Station, Room 202, Post Office, Grenada.

Self Dedication

"The fate of the world depends upon the social and personal responsibility of the individual and his power and willingness to bear it. God will not let us have His World for a play ground, a battle ground, a factory, an empire any longer. We must give it to Him—or there will be darkness over the world from the sixth to ninth hour —and that may be a thousand years. We must decide and the decision is for you and me. The history of the world is played out in the individual human soul. The fate of the world, of our children, and our children's children depends upon you and me. "From G. A. Studdert Kennedy.

The above paragraph is very inspiring. In assuming added responsibilities I feel that there is little time for the petty and hateful events of every day life. I feel that repeating gossips, often false and injurious to some acquaintance or person of another nationality, would hurt me more than it would the one spoken against. I feel that in this time of terrible war, that we should all pray that a way to change war into peace, be shown us and that we begin now to make our American social conditions Christian, by becoming better church members and by assuming our responsibilities in national and communitiy affairs at once.

PRAYER

"Prayer is so simple
It is like quietly opening a door
And slipping into the very presence of
God:
There in the stillness
To listen for his voice,
Perhaps in petition,
Or only to listen,
It matters not;
Just to be there
In His presence,
Is prayer."

The following prayers are the ones President Roosevelt selected from the Book of Common Prayer for daily prayers:

IN TIME OF WAR
AND TUMULTS

O Almighty God, the Supreme Governor of all things, whose power no creature is able to resist, to whom it belongeth justly to punish sinners, and to be merciful to those who truly repent; save and deliver us, we humbly beseech thee, from the hands of our enemies; that we, being armed with thy defense, may be preserved evermore from all perils, to glorify thee, who art the only giver of all victory; through the merits of try son, Jesus Christ our Lord. Amen.

FOR THE ARMY

O Lord God of Hosts, stretch forth we pray thee, thine almighty arm to strengthen and protect the soldiers of our country. Support them in the day of battle, and in the time of peace keep them safe from all evil. Endue them with courage and loyalty; and grant that in all things they may serve without reproach; through Jesus Christ our Lord. Amen.

FOR THE NAVY

O Eternal Lord God, who alone spreadest out the heavens, and rulest the raging of the sea; vouch safe to take into thy almighty and most gracious protection our country's Navy, and all who serve therein; preserve them from the danger of the sea, and from the violence of the enemy; that they may be a safeguard unto the United States of America, and a security for such as pass on the seas upon their lawful occasions; that the inhabitants of our land may in peace and quietness serye thee our God, to the glory of thy name; through Jesus Christ our Lord. Amen.
